DALLAS COUNTY VOTER REGISTRATION DAY

In September 2017, the Dallas County Elections Department (DCED) will host and coordinate various registration drives throughout Dallas County. These events will lead into our annual Dallas County Voter Registration Day, held on **Tuesday, September 26, 2017**. DCED, along with other cities and organizations will participate in a county-wide coordinated effort to increase voter registration. The event is successful each year because of our committed volunteers and deputy registrars. This year we will once again seek the help of the individuals, organizations and entities to help us make Dallas County's Voter Registration Day even better.

Because of **November 7, 2017 Constitutional and Joint Election**, this year's events will be critical for increasing timely voter registration among all segments of Dallas County, and informing citizens of their rights regarding the voting and election process. For now, we ask that you please, ***SAVE THE DATE: TUESDAY - SEPTEMBER 26, 2017.***

Look for upcoming updates regarding this important initiative. If you, your group, business, church or school would like to participate, please respond to this email or contact me, **Esmeralda Garcia at 214-819-6346**. I would love to discuss to what extent you and/or your group are/is able to participate. Please also make sure to include your current, best contact information.

To be part of this important initiative, we are looking for:

- Volunteers to work Voter Registration tables and interact with the public at various locations.
- Volunteers to deliver supplies to High Schools and/or other venues.
- Organizations willing to coordinate their own voter registration drive.
